WEB DESIGNER / FRONT-END DEVELOPER

EDUCATION

2011 - 2012
Training on techniques of show
 Grim Edif (Lyon)
 I used my knowledges to learn a new aspect of digital creation around sound, video and light.

2010 - 2011
Professional degree in audiovisual technics
 University of Burgundy (Chalon sur Saône)
 This Bachelor in audiovisual technics, consolidated my achievements in the field of web creation, in particular with a deeper learning of HTML, CSS, Javascript languages.

2008 - 2010
Two-year university degree in technology - multimédia
 University of Provence (Arles)
 This training course dealing with the various fields of communication and information technology.

PROFESSIONAL EXPERIENCE

October 2013 - November 2017

SCALA
Front-end developer
 Creating theme for web project. I use templating language and framework to improve the development process.

March 2011 - September 2013

LA COMPAGNIE EVENTS
Webmaster - Graphic designer
 I was in charge of the visual identity of the firm and all its communication supports (card, catalog, website, poster events...). I was also lead to work around technics of show (cameraman, sound and light ingeneer assistant).

May - June 2010

MADE IN MOUSE
