WEBDESIGNER / FRONT-END DEVELOPER

EDUCATION

2011 - 2012
Apprenticeship in show techniques
 Grim Edif (Lyon)
 I used my knowledge to learn a new aspect of digital creation around sound, video and light.

2010 - 2011
Professional degree in audiovisual technics
 University of Burgundy
 This Bachelor in audiovisual technics, consolidated my skills in the field of web creation, in particular with a deeper learning of HTML, CSS, Javascript languages.

2008 - 2010
Two-year university degree in technology - multimedia
 University of Provence
 This training course dealing with the various fields of communication and information technology.

PROFESSIONAL EXPERIENCES

Nov. 2013- Nov. 2017
SCALA
Front-end developer
 Creating theme for ambitious web projects. I use templating languages and frameworks to improve the development process.

Nov. 2012 - Oct. 2013
LA SOURIS VERTE
Webdesigner
 During this experience I follow the apparition of HTML5 / CSS3 and the preprocessor languages such as SASS or LESS, this year was very enriching.

Mar. 2010 - Oct. 2012
LA COMPAGNIE EVENTS
Webmaster - Graphic designer
 I was in charge of the visual identity of the firm and all its communication supports (card, catalog, website, poster events...).
